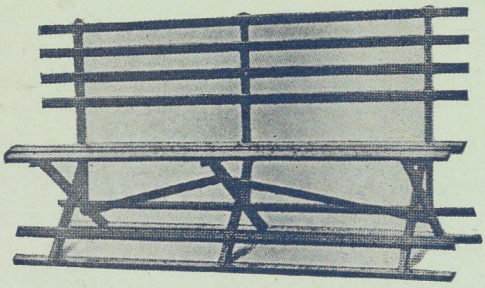
Lawn Rollers

Without a good Roller a smooth, even lawn is impossible. The Roller illustrated is on the lines of the best English makes. Rounded edges so that it will not cut or tear the turf. 20 inches in diameter by 20 inches wide. Every Roller made in two sections. Handle stands straight up when not in use. Made in 250 lb. and 350 lb. sizes for ordinary lawns. Special Rollers for Cricket, Tennis and Rowing Clubs.



Lawn Settees

Comfortable and will stand hard usage. Well braced—can be folded for storage. Foot-board to protect grass and keep feet from damp. Length 6 feet; weight 40 lbs. **400 of this pattern supplied City of Winnipeg.**

Lawn Vases

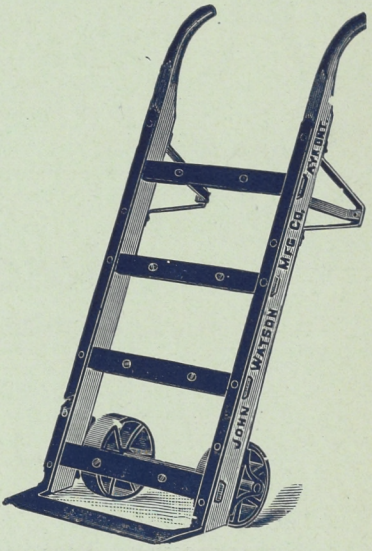
Beautiful and lasting ornament for lawns, verandahs, balustrades, etc. Painted with handsome Aluminum Bronze. Gives distinction and "class" to your lawn or garden.

311 Chambers Street

Manufacturing Co.

Limited

Hand Trucks



We carry every variety of Hand Trucks made. Illustration shows our "C" Truck. All side straps, cross bars, legs, nose pieces and axles are **steel.** Frame of best materials. Bolts pass through frame, tenons, side straps and **cross pieces.**

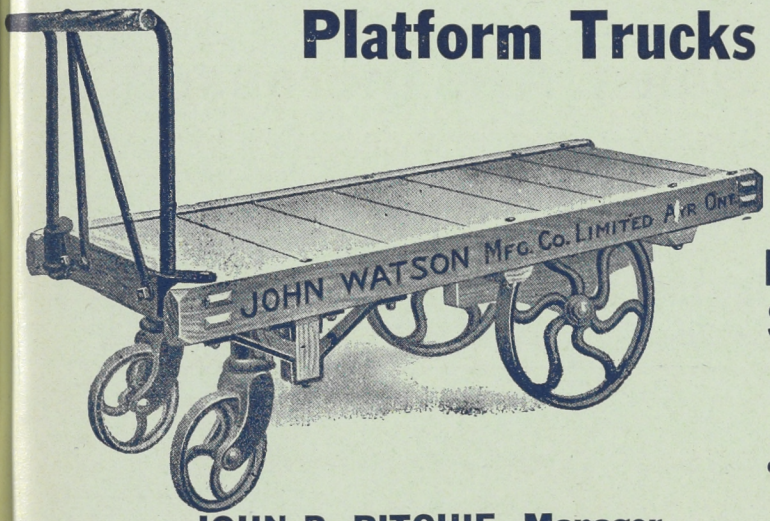
BARREL SKIDS, 6, 8, 10 and 12 foot sizes, extra strong and heavily ironed.

CASTERS, anti-friction or ball-bearing.

WHEELS in stands, plain or rubber-tired.

Illustration shows "Reynolds" Truck Strong Frame. Easily moved about. Turns in its own length. Ball-bearing Casters. Made in many sizes.

Platform Trucks



We carry many other styles of

501 Furby Street

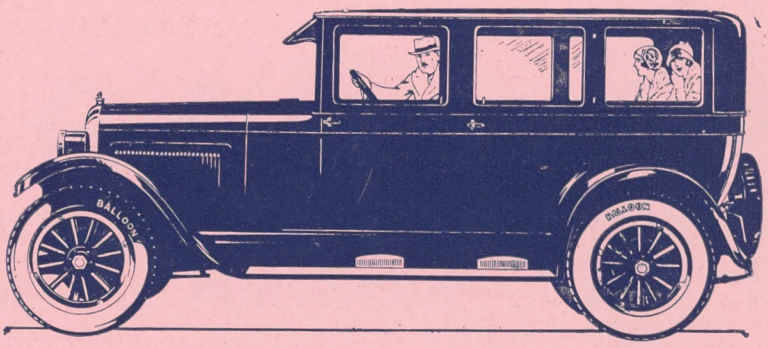
A Wave of Public Approval Proclaims this Great Car a Six Without a Rival

The immediate and widespread approval that greeted the Overland Six upset all precedents in motor car history. Never before has a car risen to such popularity in so short a time.

People who have owned enough automobiles to *know* automobiles unhesitatingly call the new Overland Six an engineering masterpiece. Low and graceful in design—balanced to perfection—beautifully built. An exceptionally brilliant performer—all the speed you want—quick getaway—power on the hills—smoothness—economy you'd never expect of a six. Reclined seats—deep, soft cushions—generous in dimensions without being bulky—long flexible springs—a wheel-base long enough for easy riding and at the same time ideal for easy handling and easy parking.

The Overland Six is a car you can study from any angle and find only perfection. Consider it from the angle of appearance—of performance—of comfort—of economy. Years must pass before the many advanced features of this new Six are found on other cars.

After all is said that could be said, there is still a mighty interesting story that the car itself will tell you when you get it out on the road.



The Lowest Priced Car in its Wheelbase Field

Introductory

The present volume constitutes the 1926 edition of Henderson's Directory of Winnipeg. The work embodies a complete epitome of the civic, commercial, social and industrial interests and activities of the muncipality. It is a modern Directory in all its parts and includes all the essential features which have been proven so satisfactory to our patrons in previous issues; these have been retained and amplified, and improvements have been added as suggested by experience in order to add to the value and usefulnss of the Directory, thus fully meeting the requirements of patrons; the approbation and continued patronage accorded the work are constant incentives to better service.

The Publication has had the benefit and advantage of the complete organization and resources of the publishers, and of the skill and experience of their corps of enumerators and compilers added to the courteous co-operation of citizens, in the production of the volume.

THE DEPRATMENT OF MISCELLANEOUS INFORMATION is included in pages 109 to 156 and contains data concerning City, Provincial and Federal Government offices, commercial organizations, cemeteries, churches (denominational and miscellaneous), colleges and schools, hospitals, homes and asylums, building exchange and associations, institutes and societies, libraries, military organizations, public schools, secret societies, etc.

THE STREET AND AVENUE GUIDE is embraced in pages 245 to 524; in this feature the names of all streets and avenues are arranged alphabetically, giving the location, number on the street and showing the occupant.

The intersecting streets are shown in the order that they come.

THE ADVERTISING occupies pages 1 to 108; this section of the Directory printed on colored paper, includes numerous advertisements of the leading manufacturing, business and professional interests. A casual perusal of these advertisements will picture many interesting phases of the city's activities. They are not display advertisements, primarily, however, but rather are reference advertising at its best. The need for this kind of information readily at hand is very great, and the general appreciation of this need is evidenced by the liberal patronage the City Directory enjoys in many and varied lines of trade.

THE ALPHABETICAL LIST OF NAMES of citizens, business firms and corporations covers pages 525 to 1504.

THE CLASSIFIED BUSINESS DIRECTORY occupies pages 1505 to 1664 and exhibits the various manufacturing, mercantile and professional names, compiled under headings appropriate to the class of industry or profession followed.

ADVERTISING WINNIPEG

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site, and as an educational centre. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country, where they are readily available for reference use by the public. There they serve as perpetual advertisements of Winnipeg, for business men the country over realize that the City Directory represents the community as it really is.

The library of City directories which is maintained by the publishers at their offices, for the use of its patrons, embracing directories of all the principal cities of the United States and Canada, has proven a most valuable asset to the City of Winnipeg, for through reference to the books in this library, information for almost any business or person in the United States or Canada may be obtained.

Through the exchange of directories with the various directory libraries throughout the United States and Canada and the sale of the Winnipeg Directory to many institutions, hotels and stores in large cities, the directory is circulated throughout the country and serves as a lasting advertisement for our city.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves, their friends and their business interests for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of patronage.

POPULATION, 285,490

The directory estimate of population is based on the actual number of names contained in the book, which is multiplied by a common multiple to allow for the married women and small children whose names do not appear.

Based upon the names contained in the pages of this book, it is estimated that the population of Winnipeg is 285,490. This includes considerable territory beyond the city limits, which is canvassed in order that the names of all people doing business in Winnipeg may be obtained for the Directory.

Respectfully, The Publishers,
HENDERSON DIRECTORIES LIMITED.

February 2, 1926.

279 GARRY STREET WINNIPEG

City of Winnipeg

The City of Winnipeg is the capital of the Province of Manitoba, Canada.

The name WINNIPEG has its origin in the Indian Cree name given to the lake 40 miles north, meaning "Win," muddy, "nipee," water.

Winnipeg is situated in Latitude 49° 54' N., Longitude 97° 08' W., at the confluence of the Red and Assiniboine Rivers; 40 miles south of Lake Winnipeg and 60 miles north of the boundary lines between Canada and the United States of America, almost midway between the Atlantic and Pacific Oceans and at an altitude of 760 feet above the seaboard level of New York.

From a Hudson's Bay trading post (Fort Garry) in 1870, with a population of 215, Winnipeg has grown to the size and finish of a first-class city of 282,312 people. When the city was incorporated in 1873 there were 1,869 inhabitants. In 1878 steam railway connection from St. Paul, Minn., had reached a point just across the river from Winnipeg; and in 1886 railway communication was established over the Canadian Pacific Railway from the East. With the advent of railway connections a steady stream of travel and trade with influx of population was started and has resulted in the building up of a city of a size and importance that is exceeded by only two cities in the Dominion of Canada.

Winnipeg is now the greatest grain centre on the American continent, and the financial, commercial, wholesale and manufacturing centre of the middle west; owing to its geographical position, its very complete railway facilities, with branches reaching out in every direction, it affords great possibilities for trade in the provinces and the Northwest and an inducement for the establishment of manufacturing and other industries. In addition to the many other advantages Winnipeg supplies, through its Municipal Hydro-Electric system, the cheapest electric power of any city in America.

The source of Winnipeg's new water supply is Shoal Lake in the northwest angle of the Lake of the Woods, having a drainage of about 360 square miles and water surface of 107 square miles. Shoal Lake is connected with the main lake at Ash Rapids.

The Lake of the Woods has a drainage area of about 27,700 square miles and a water surface of about 1,500 square miles, the drainage basin of Shoal Lake—360 square miles.

The Lake of the Woods constitutes an enormous reservoir of pure and soft water, situated 300 feet above the City of Winnipeg within one hundred miles of the city.

The new aqueduct is capable of delivering to Winnipeg 85 million gallons of soft water per twenty-four hours.

The Winnipeg Stock Yards are the largest in Canada, and represent an investment of over $1,000,000. There are five and one-half miles of alley-ways, six and one-half miles of railway track, six miles of sewers, and five miles of watermains at the stock yards.

Winnipeg has 69 public schools, with an attendance of 40,000; 6 colleges; the Provincial agricultural college, built at a cost of $4,000,000; the University of Manitoba; art gallery; bureau of arts and arts museum; permanent exposition of products manufactured in the city; 3 libraries with 35 branches.

The City of Winnipeg dominates the markets of the entire Western Provinces of Canada. Her geographical situation makes her the pivot point from which the trade of this vast inland empire swings. Winnipeg holds the keys to the world's greatest growing market. She is the veritable pulse of trade west of the Great Lakes. Nothing can change this fortunate situation. No force can relieve this "keystone of Western trade" of the unique advantages she possesses in the Western world. Experience has long since proven that goods passing from East to West must of necessity go through Winnipeg, and so too the products of the prairies must find their outlet here as well. Thus Winnipeg has become the greatest transportation centre in the Dominion of Canada.

Facts About Winnipeg

Today Winnipeg has the finest transportation facilities in Canada.

Winnipeg has more industrial trackage than any other city in Canada.

There are over 16,000 miles of railway in Winnipeg's business field.

All railways from East to West must pass through Winnipeg.

Winnipeg's Bank clearings are third in Canada and equal the total clearings of the ten next leading cities.

Winnipeg's principal business streets are the widest on the continent.

The water area of Winnipeg is 422 acres and the land area 14,865 acres, a total of 15,961 acres or 24.9 square miles.

Winnipeg contains half the population of Manitoba.

Winnipeg has 500 Miles of streets and 236 miles of lanes.

Winnipeg has 127 miles of asphalt streets, 14 miles of concrete, 33 of macadam, 25 of cedar block.

Winnipeg has 331 miles of graded streets.

Winnipeg has 276 miles of granolithic sidewalk and 268 miles of plank.

Winnipeg has 274 miles of sewers, 128 miles of boulevards and 296 miles of domestic watermains.

Winnipeg has 2,529 domestic hydrants and 159 high pressure hydrants.

The Winnipeg street railway has 112 miles of railway lines.

Winnipeg is one of the best lighted cities on the American continent.

The city has 817 ordinary arc lights and 913 ornamental arc lamps, and 2093 one thousand candle-power lamps.

There are 365 alarm boxes on the streets of Winnipeg and 27 in buildings.

There are 163 police signal alarm boxes on the streets of Winnipeg.

Winnipeg's playground equipment is not excelled in Canada.

Winnipeg has 679 acres of parks.

Assiniboine Park is one of the finest in Canada.

Winnipeg has 34 parks and squares.

The number of persons to each park-acre in the city is 233.

Winnipeg's parks are valued at $3,306,777.

Winnipeg's libraries loan three-quarters of a million volumes yearly.

There are three main libraries with 33 branches.

Winnipeg has half a million continuous 24-hour horsepower within 100 miles.

The present hydro-electric power rate in Winnipeg is the lowest on the American continent.

The residence lighting rate of three cents is the lowest in Canada.

Winnipeg's tax rate is the lowest in Canada.

Winnipeg has one of the finest water systems in the world.

Winnipeg's water is absolutely soft and pure.

The Shoal Lake Aqueduct cost over $17,000,000, and has a capacity of 100,000,000 gallons per day.

Winnipeg owns and operates its own hydro central steam heating system, electric power plant, waterworks, street lighting system, stone quarry, fire alarm system, police signal system, fire service water works, asphalt plant and gravel pit.

The Winnipeg Hydro-Electric System, having built a steam standby plant within the city limits as a protection against interruption of service on the Hydro transmission lines, was faced with the problem of taking care of very heavy additional fixed charges, approximating some $75,000 per year. It was felt that some means should be adopted, if possible, to relieve the Hydro of this burden. An investigation was made of the possibilities of central steam heating, with a view to using the new boiler equipment of the standby plant for revenue-producing purposes. The results of the investigation looked so promising that the services of Messrs. Neiler, Rich & Co., consulting engineers, of Chicago, were obtained for the purpose of advising as to whether a central steam heating plant for the City of Winnipeg would be a practicable, sound business proposition. The report of the experts was so favorable that a by-law was placed before the electors at the municipal elections in 1923, and the undertaking was then approved by a large majority. This by-law, which was for the expenditure of $875,000, stipulated that $325,000 which was already being spent by the Hydro for boiler equipment should be charged to central steam heating account, thus leaving a net sum of $550,000 to be raised.

Winnipeg was the first city in America to acquire a municipal asphalt plant. Winnipeg has 39,980 local telephones, connecting with 23,033 rural telephones.

The Winnipeg General Hospital is one of the best equipped on the American continent.

The population of Winnipeg is equal to the entire rural population of Alberta or of New Brunswick.

Taxable property in Winnipeg is worth $237,842,540, which is equal to the combined taxable property of the cities of Quebec, Ottawa, Hamilton and London, or equivalent to the total taxable property in all the cities of Canada between 15,000 and 50,000 population, excepting only Regina and Saskatoon.

There are more industrial workers in Winnipeg than in the whole of Saskatchewan, Alberta and Prince Edward Island combined, or more than in the cities of St. John, Halifax, Calgary and Edmonton combined.

Winnipeg's industrial payroll is five times that of the whole of Saskatchewan and twice that of Alberta.

The value of Winnipeg's industrial output is eight times larger than the entire industrial production of Saskatchewan and three times that of Alberta.

59.01 per cent. of Winnipeg's population are between 15 and 44 years of age.

HISTORICAL EXHIBIT AT WINNIPEG

The Historical Exhibit, situated on the ground floor of the Hudson's Bay Company's Winnipeg Retail Store on Main Street, at the corner of York Avenue, is open daily during business hours. Admission is free. A curator is in charge and catalogue may be had on application.

The Exhibit is well worth a visit and is of great interest, recalling as it does the romantic history of a Company which is 253 years old, and touching on the present and the earlier life of the fur traders, the thrilling story of Canada's pioneer settlers in the West, her discoverers, life in the early days in Winnipeg, also the customs, dress, industries and rituals of the North American Indian tribes with whom the Company have always been in close relationship and who are still the Company's staunch friends.

This Historical Exhibit tells its story by means of relics, pictures, documents, models, et cetera, many of them collected by the Company's officers, clerks and servants.

The Exhibit offers a secure place for a safe and permanent display, and helps to fill an educational need of the public of growing Canada.

Particular attention has been given to the historical matter connected with the development of the West, and visitors cannot fail to spend a profitable hour examining the collection, which is divided into seven sections as follows:

1. Early History.
2. Furs.
3. Indians.
4. Life in the Service.
5. Forts, Posts and Stores.
6. Fights and Wars.
7. Land and Settlement.

All the items are catalogued, with a short description of each, and numbered for ready reference.

To the left on entering, a smart model of the ketch, "Nonsuch" catches the eye. The "Nonsuch" sailed from England on a voyage of enterprise and discovery in 1668 and it was directly through this pioneer voyage that the first of the trading posts, Fort Charles (later known as Rupert's House) was established on James Bay, south of Hudson Bay, and the charter was granted by King Charles the Second to the Hudson's Bay Company in 1670, whereby they were privileged to enlarge their trading and exploring enterprises in Canada, thus opening the way for the settlement and developing of our great country as it is today.

Continuing, one's attention is attracted by the display of the skins of Canada's beautiful fur bearing animals, the first articles of commerce between Canada and the Motherland—Beaver, Lynx, Marten, Fisher, Red Fox, White Fox, Musquash, Ermine, Mink, Grey Wolf, Otter, Skunk, Wolverine and Raccoon.

In the section devoted to "Indian Life" many articles are exhibited portraying the industries, customs, habits and pastimes of the various Indian tribes, who were necessarily creatures of circumstances and made use in their early lives of the natural resources surrounding them, so that the Indian tribes of the various parts of the country differed from one another in many ways while retaining certain characteristics throughout.

The handicrafts shown are examples of their astonishing native cleverness in adapting the material at hand to their general use.

In the Exhibit of the work of the Eskimos attention might be directed to the numerous examples of their cleverness in carving and manufacturing of articles from ivory to meet their needs and fancies. Among the many interesting objects are: an Eskimo kayak (or canoe) made from sealskin, with the hair removed, stretched when green; some particularly fine examples of beaded work by the Plains Indians, fancy work ornamented with porcupine quills, in many colors from native dyes manufactured from roots, barks, berries, et cetera, by the Mackenzie River Indians, and a typical Pacific Coast Indian drum, made of two pieces of old cedar, bent at three corners. This drum was beaten with the fist and is believed to have been the last drum of its kind at Bella Coola.

Under the head "Life in the Service—Transportation" can be seen the ship's telegraph and whistle control of the S.S. Pelican, late of the Hudson's Bay Company's fleet and sister ship to the famous H.M.S. "Condor" commanded by the late Admiral Lord Charles Beresford at the seige of Alexandria.

This section is chiefly devoted to photographs, specimens of early contracts, service medals, bartering tokens, old paper currency, guns, knives, swords and cutlasses, straps, harpoons, spears, exploration awards, clothing, et cetera, of the pioneer trading days.

Passing to Forts, Posts and Stores (of which the Company has over 200, with seventeen posts well within the Arctic Circle), many old and rare photographs and pictures are exhibted, also relics from the earliest forts and trading posts.

Under "Fights and Wars" will be found many old weapons of warfare, including time honored Indian scalping knives and tomahawks so dear to the heart of the average boy; while the section dealing with "Land and Settlement" exhibits old maps and documents, as well as many of the valuable mineral deposits of the country.

In the Exhibit is a set of large beam scales, dated 1750, used at Moose Factory.

This Exhibit was opened in June, 1922, and is as yet in its infancy, but it is being continually added to.

Some Pioneer Citizens

1876-1925

The following names appeared in the 1876 Directory:

William F. Alloway
George Andrew
Charles A. Baskerville
Charles N. Bell
Rev. George Bryce, D.D.
William Code
Ven. Archdeacon Fortin, D.D.
Rodolphus H. Graham
Hon. Colin Inkster
Richard I. Jones
Alexander Macdonald
James C. McIlroy
Sir Daniel H. McMillan, K.C.M.G.
William W. McMillan
Robert C. McPhillips
Thomas H. Maxwell
James A. Payne
John Henry Pearson
Morris P. Peterson
Thomas Ryan
Wm. G. Scott
Geoffrey H. Walker
Alfred Warner
Edmund M. Wood

Nursing Organizations and Homes

THE MARGARET SCOTT NURSING MISSION OF WINNIPEG
Org. 1904 Inc. 1905
99 George Street, Winnipeg
Phone A2475
Matron—Miss Margaret Scott
Superintendent of Nurses—Miss E. L. Beveridge
Financed By—Provincial and City of Winnipeg grant, contributions from patients and private persons.
Territorial Working Limits—City of Winnipeg and Suburbs.
Object—To care for and nurse the sick poor in their own homes and to maintain a depot for the residence of district nurses.

VICTORIAN ORDER OF NURSES FOR CANADA
(Winnipeg Branch)
Org. 1901 Inc. 1901
Headquarters: 5 Medical Arts Building
Phone N9434
Superintendent—Miss Anna Pritchard
Financed By—Private contributions, City of Winnipeg grant and patients' fees.
Territorial Working Limits—Winnipeg and suburbs only.
Object—To supply nurses thoroughly trained in hospital and district nursing, for the nursing of the sick who are otherwise unable to obtain trained nursing in their own homes.
(Editor's Note—There is a mutual understanding between the Margaret Scott Nursing Mission and this organization by which the former for the most part confines its attention to the very poor who are unable to pay any fee, whilst the latter attend mostly those able to pay a small fee.)

WINNIPEG PUBLIC SCHOOL BOARD
Offices: cor. Ellen and William Ave.
Phone N6337

Medical Service
Established 1909
Doctors—Dr. Mary Crawford, Dr. Elizabeth B. Matheson, Dr. Clifford Abbott, Dr. J. S. McInnes, Dr. F. A. Macneil, Dr. W. Campbell.
Object—To discover defects, physical and mental, to bring them to the attention of parents and to urge treatment; to educate parents in the preventing and detecting of disease by means of the visits of the school nurses to the homes and the school; to teach girls of suitable age the care and feeding of infants; to help to unite the forces of school and home in an effort to promote the welfare of the child through improved physical conditions.

Dental Service
Established 1917
Chief Dental Inspector—Dr. R. J. R. Bright, General Wolfe School, cor. Ellice and Banning St., Phone B4476.
Assistants—Drs. J. H. Best, J. M. Grahame, R. H. Snyder, S. H. Churchill and L. B. Caldbick.
Object—To discover dental defects, to instruct the children to use the toothbrush properly and by so doing lessen the ravages of decay. To educate the parents through the nurses, doctors and dentists, pointing out the great need of prevention of decay; and to relieve suffering of those children whose parents cannot afford to pay for the dental treatment required.

Attendance Department
Chief Attendance Officer—G. A. Lister
Object—To secure co-operation between the school and the parent or guardian, especially in those cases where, due to conditions or circumstances, the child, either as a result of his own indifference or the parents' neglect, is not obtaining the advantages afforded the regular attendant.

The words "street" and "avenue" are always understood

Henderson's Winnipeg Street and Avenue Directory 1926

This section of the Directory is presented in condensed form. Full information will be found in the alphabetical Directory.

AVENUE all run East and West, and are numbered under 200 East of Main Street, Main to Princess 200 to 300, West of Princess 300 and upwards.

STREETS running North and South are numbered from the Assiniboine River as a base Northwards, and again from Notre Dame as a base Northwards.

The word "street" is always implied.

ABERDEEN AVE., from Red River west to city limits, intersecting at 1089.
